**Presenting Author Name<sup>1</sup>, Author Name<sup>2</sup> (11 pt, bold)**

<sup>1</sup>*University, Faculty, Department/Laboratory, Address, City, Country (10 pt, italic)*

<sup>2</sup>*Company, Address, City, Country (10 pt, italic)*

E-mail of the Presenting Author

An **expanded abstract** must be prepared for oral and poster presentations. Please, use this template in order to shape your text correctly. It is the author's responsibility to submit an appropriate abstract (spelling, grammar, scientific facts, accuracy and layouts).

### Title of the abstract

The title of the abstract must be written in **CAPITAL BOLD LETTERS** with the font size 12 pt and maximum length of two lines. The name of the authors must be written in **bold letters**, with the font size 11 pt. The name(s) of the presenting author(s) must be underlined. The name(s) of the institution must be in *italic letters*, with the font size 10 pt. Add an e-mail contact information of the presenting author. Leave two blank lines with the font size 11 pt before the body text. The body text must be written with the font size 11 pt.

### Abstract structure and style

The content of the abstract must include an **Introduction** with the research problem, a short literature review and the aim of the research, an **Experimental part** with a short description of materials, procedures and analytical methods, main **Results**, a **Discussion**, **Conclusion**, **Keywords** and **References**. Each abstract will be reviewed by the Scientific Committee and selected for oral or poster presentations in the context of symposium topics.

You are kindly asked to write your text in MS Word format directly into this document template, since all styles are already prepared.

The abstract must be written in the English language. Please use Arial font and a single line spacing for the entire abstract. There must be a top margin of 3.0 mm and a bottom, left and right margins of 2.5 mm. The length of the abstract should be up to two pages with the total length of 800–1000 words, including up to two Figures or Tables.

**Keywords:** the keywords must include 4–5 words. After the keywords, leave two blank lines before the reference list.

### Referencing guide

For the abstract, Harvard citation style is used. In the body text, references must be cited with the surname of the first author, followed by the publishing year in parentheses, e.g. (Harper 2004; Jaksa, Stefane & Kovac 2013; Wang et al. 2015; Global Market Report 2011).

The reference list entries must be alphabetized by the surname of the first author of each cited work (cf. examples below). The names of all authors must be provided.
